

# CEREZOATE™ BRI #512

 CAS Number:
 1617-23-8

 FEMA Number:
 3456

 FLAVIS Number:
 09.524

 GB Number:
 S1212

### **APPLICATION**

| Olfactive Description: | Fruity and sweet notes reminiscent of apple, cherry, and straw-<br>berry.  |
|------------------------|--|
| Fragrance Use:         | Its multiple facets allow for a very interesting effect, boosting the fruity top notes of a fine fragrance. Also performs well in air care, shampoo, and dish detergent. |
| DETAILS                |  |
| Molecular Weight:      | 142.19   |

| Molecular Weight:    | 142.19                               |
|----------------------|--------------------------------------|
| Molecular Formula:   | $C_8H_{14}O_2$                       |
| Chemical Name:       | Ethyl 2-Methyl-3-Pentenoate (High C) |
| Suggested Use Level: | Traces - 1.0%                        |
| Tenacity on Blotter: | > 1 Hour                             |
| Tenacity on Blotter: | > 1 Hour                             |

#### **SPECIFICATIONS**

## **TECHNICAL**

| Minimum Purity:<br>• Main Isomer:<br>• Secondary Isomer:<br>Appearance: | 99.0% (sum of isomers)<br>98.5% min. (cis)<br>0.1% - 1.5% (trans)<br>Colorless liquid | Log P:<br>Flash Point:<br>Boiling Point:<br>Vapor Pressure: | 2.54<br>110°F (CC)<br>163.76°C (EPI 4.0)<br>1.49 mmHg at 20°C |
|---|---|---|---|
| Additives:  | Synthetic alpha to-<br>copherol at 0.10%  | Solubility:   | Insoluble in water;<br>soluble in alcohol                     |
|   |   | Nature Identical:   | No  |

## **STABILITY**

| рН  | Base                     | Poor | Moderate | Good | Excellent |
|-----|--------------------------|------|----------|------|-----------|
| 3   | Fabric Softener          |      |          | х    |           |
| 3.5 | Antiperspirant           |      |          | X    |           |
| 6   | Shampoo                  |      |          | X    |           |
| 7   | Dish Detergent           |      |          | X    |           |
| 9   | Liquid Detergent         |      |          | X    |           |
