Source Certification – Sustainable Products

BRI # 279-SUS – HYDROFLEUR

This statement is to certify that the above product is part of Bedoukian Research, Inc's Sustainable Products Portfolio.

Our Hydrofleur product is manufactured from a mix of natural and synthetic materials and contains ~ 100% renewable carbon.

The source of the natural raw material within this supply chain is *Pinus Taeda*.

As part of our commitment to our Sustainable Products Portfolio, our suppliers will notify us in writing and in advance, if they change sources of natural raw materials. We have RSPO certificates on file, where applicable. We also have performed natural testing on the final products to confirm the renewable carbon percentage.

We are excited to expand our portfolio to provide these products.

If additional information is needed, please let us know.

Respectfully Submitted,

A handwritten signature in black ink that reads "Marie Maher".
