

Source Certification – Sustainable Products

BRI # 846-SUS 5-METHYL FURFURAL

This statement is to certify that the above product is part of Bedoukian Research, Inc's Sustainable Products Portfolio.

Our 5-METHYL FURFURAL is manufactured from a mix of natural and synthetic materials and contains ~83% renewable carbon.

The source of the natural raw material within this supply chain is understood to be non-GMO corn.

We have performed natural testing on the final products to confirm the renewable carbon percentage.

We are excited to expand our portfolio to provide this product.

If additional information is needed, please let us know.

Respectfully Submitted,

Marie Maher

Director of Quality & Regulatory Compliance
